**([www.plymouthsoccer.com](http://www.plymouthsoccer.com))**

- This Camp uses the US Youth Soccer Curriculum, will divide players by their grade and provide an opportunity for players to develop their skills in an environment that is designed to accelerate their individual abilities

### **Daily sessions will include the following areas of development:**

#### **TECHNICAL TRAINING:**

- **Ball Control:** Comfort with the ball. Receiving ground balls
- **Dribbling:** Close control & moves
- **Passing:** Short and medium range
- **Shooting:** Determine range and shoe surface to increase goals scored
- **Heading:** Attacking and defending
- This is a great soccer camp that will help develop player's technical abilities emphasizing the necessary basic-skill set needed for soccer
- Regardless of age and ability, players will be exposed to new and creative ways to use their skills
- All sessions have a soccer curriculum geared toward individual player development and FUN.

**Participants should bring soccer shoes, shin guards covered by long socks, drinks, snacks, sun block, insect repellent and appropriate sports clothing for the weather**
